

Use this form to record volunteer and staff completion of food safety training. Food safety training is a requirement for partnership with Food Bank of Central New York and **must be completed annually**. At least three (3) volunteers and/or staff working with the program must have up-to-date food safety training at all times. Additionally, at least one (1) staff member or volunteer with food safety training must be on site during food preparation and distribution. This will ensure that proper food safety knowledge and practices are being implemented throughout our network. Have this form available for site monitors or visits.
